1. The additional submission to be filed by Dot Registry and the additional submission to be filed by ICANN, should it elect to file one, should be no more than 25 pages in length, double spaced, and employing a 12 point font.
2. Among the documents produced by ICANN in response to the Panel's document production request, the Panel expected to find documents that indicate that the ICANN Board had considered the recommendations made by the EIU concerning Claimant's Community Priority requests, that the ICANN Board discussed those recommendations in a meeting of the Board or in a meeting of one or more of its committees or subcommittees or by its staff under the ICANN Board's direction, the details of such discussions, including notes of the participants thereto, and/or that the ICANN Board itself acted on the EIU recommendation by formal vote or otherwise; or, if, none of the above, documents indicating that the ICANN Board is of the belief that the recommendations of the EIU are binding. If no such documents exist, the Panel requests that ICANN's counsel furnish an attestation to that effect.
